

Attendance

- Removing students from school for ski trips, vacations, etc. is contrary to school policy.
- Absent more than ten days in a school year, parents may need to meet with a school administrator to discuss improved attendance.
- Absent 30 or more days, may not be promoted to the next grade.
- Every fourth unexcused tardy equals one day of absence and will be counted as such.
- Excused tardiness would be a doctor or dentist appointment verified by a note from the medical office to the Front Office.
