

STUDENT LEARNING EXPECTATIONS

SUMMER CHOICE BOARD

This summer we are offering a homework choice board to create differentiated, higher level thinking opportunities at home. We are very excited about this as it will allow students to take ownership of their own learning. *Please be sure to return the homework choice board (signed) as well as any of the required activities during the first full week of school. Ensure that your child has written his/her name and date on each assignment.*

This board is designed to be completed on your family's timetable in a pick and choose fashion. The board was designed with the Ignatian philosophy of the "Educating the Whole Child" in mind and is organized to follow our schools' Student Learning Expectations. **Your child is to choose at LEAST 5 squares to complete from the board.** The activities should be completed and returned with your child along with the choice board at the beginning of the school year. Some of the activities will not require paper, so you can just date, and initial the activity on the homework board. The written activities should not take more than 10-15 minutes. Your child should complete what they can in that time frame.

Please keep this Choice Board in a safe place at home. There is a space at the bottom for parent and student signature. Please sign after all the assignments are completed.

We would like for your child to challenge themselves with varied activities. Help them to remember the purpose of this homework is to promote higher level thinking skills, and educating the Whole Child. Be positive!

Thank you so much for your help and support at home over the summer!

K, 1, 2 Teachers

DUE MONDAY AUGUST 10th

*****If you are in need of a hard copy, please stop by the school office before June 18th***

SUMMER
