CHEER & DANCE COMBO

This is a fun and energetic cheer and dance combo class! Students will learn a variety of dance styles including jazz, hip hop, social dancing, and rhythm-based movement. This class also focuses on building foundational cheerleading skills such as cheers, chants, arm motions, crowd engagement, and basic tumbling.

An emphasis is placed on positive leadership development while students build coordination, flexibility, balance, self-discipline, stage presence, and confidence. Performances will be scheduled once approved by school administration. Additional details will be provided by the coach.

WEDNESDAY - K & 1st 3:05 PM TO 3:55 PM
2nd - 6th 3:55 PM TO 4:45 PM

Crazy Cool Science

In this high-energy, hands-on class, students explore the wonders of the scientific world through exciting, mind-blowing experiments. They learn by doing, using the scientific method to build critical thinking skills while discovering how science connects to real life. Students can expect surprising reactions, creative exploration, and yes, we might even blow some things up safely, of course. This is the kind of class where students are so engaged, they do not even realize how much they are learning. It just feels like fun!
