# Course Descriptions

## Chess Club

Chess Emporium teaches a fun and exciting introduction to the game of chess. All students are welcome in the chess club, which begins by teaching students how to play the game, chess openings, tactics, and endgames. It does all of this while allowing students to practice with their friends! Studies by major corporations and universities have shown that chess can help students increase their math and verbal skills, as well as their creative thinking abilities. Chess provides helpful insights into mathematics, visualization, analysis, and writing skills.

*Cost Per Trimester: \$139*

## Cooking Club

In this fun class, kids will be learning to cook a variety of foods, from desserts to dinners, while having fun with other chefs in the making. Come make some delicious treats with your friends! Students will leave with a cookbook full of all of the recipes they used!

*Cost Per Trimester: \$110*

*Materials Fee: \$35*

## Crazy, Cool Science

Do you love science? Do you love finding out how things work? Come join Crazy, Cool Science! Each week, students will engage in a new hands-on exploratory learning activity! Topics include Earth Science, Biology, Chemistry, and Physics, ALL taught in a fun way that kids love and understand! There are new activities and experiments each week covering a different topic!

## **Superhero Training**

This class is all about training to be your favorite superhero! To be a superhero means having strength, agility, balance, and speed. We focus on learning special superhero training skills through fun games and activities such as **“jumping over hot lava”**, **“dodging fireballs”**, **“lightsaber training”**, **“scooter flying”**, **“ghostbuster tag”**, and so much more! Being a superhero also means having a compassion for society, a kind heart, and a willingness to do good and help others. These are qualities we discuss and talk about with our students. This class really encourages kids to be a superhero in everyday life!

*Cost Per Trimester: \$162*

## **Yoga**

This class is a total workout for both body and mind! The class will revitalize the body, relax the mind, and reduce stress. The class is made up of a consistent flow of smooth poses and stretches that help one focus on flexibility, balance, coordination, core strength, cardiovascular fitness, and overall well-being. Yoga is a perfect way to end the school day and suitable for all levels.
