

Introduction to the Transition Team

Kim Rich (kim.rich@sfxphx.org): I am humbled to be a part of the Transition Team, serving as the Transition Team Leader, and to be working with talented individuals who possess a range of strengths and experiences. Through this role, I aim to use my strengths to serve the community as a gift to Kim Cavnar in thanks for all she has done for our school, the community, staff, and students. Although we will work together as a team to meet the ongoing needs of the St. Francis community, some specific areas of focus for me as the **Transition Team Leader will be the following: planning for the 2019/2020 school year, diocesan liaison, school improvement goals, professional development coordinator and school communication coordinator.** Please keep our team in your prayers and communicate with us as the need arises.

Deborah Westerfield (deborah.westerfield@sfxphx.org): My passion for all things Ignatian and my work with the Jesuits and the Spiritual Exercises of St. Ignatius of Loyola as a Spiritual Director are at the root of my current role as the Director of Campus Ministry. Over the past nineteen years I have worked at St. Francis, I am most grateful for my partnership with Kim Cavnar in helping to build up the Jesuit and Catholic identity of our school. I am committed to taking the lead in this area and will continue to guide our school through collaboration and empowering student, staff and parent leaders so that Ignatian charisms and vision are carried forward and sustainable. I am thankful for and have confidence in all the many gifted members of our community who are here to work together to carry on the Catholic and Jesuit identity of our school. **I look forward to serving the school community in my current role in Campus Ministry, and as a member of the Transition Team in the areas of Jesuit identity and community faith formation, parish liaison, high school admissions, and school calendar/planning.**

Sue Milano (sue.milano@sfxphx.org): In my role as an Educational Resource Specialist, I have formed relationships with teachers and students in all classrooms. Under the guidance of Kim Cavnar's tutelage, I have grown in my ability to see the good in all students and focus on their strengths to overcome challenges. **My specific area of focus as a member of the Transition Team is to be available to teachers, students, and families to partner in the continued success of all students. As always we continue to count on the whole Cura Personalis team in this process. I also look forward to continuing to partner in supporting the admissions and re-enrollment process, as well as oversee our inclusion initiatives.**

Anne Sanford (anne.sanford@sfxphx.org): In my twelfth year as a Junior High Teacher at St. Francis, I feel blessed to call SFX my home away from home. As a member of the Transition Team, I will be available to guide the students in morning prayer, work with staff and students on graduation and the awards ceremony, and be present as a faculty liaison. **As a faculty liaison, I will be available to teachers when needs arise, as a sounding board for their great ideas, and to offer support when necessary. I look forward to developing deeper relationships with all teachers in this new and temporary role.** I am grateful for Kim Cavnar's years of service at SFX and wish her the very best in her new endeavors.
