

Hello Saint Francis Xavier families! Allow me to formally introduce our team as we welcome you to Innovation Learning. My name is Dion, and I am the Arizona State Director for Innovation. I have 25 years of experience in education, with the last 10 years of those being in administration, the last 5 as a principal here in AZ. I have been leading programming at Innovation for over a year. Joining me in providing top-notch services for your family is Christina, who has been with Chandler Unified School District Community Education for the past 7 years before joining us.

Together, Christina and I are excited to be providing you with exceptional after-school programming, with our focus being on safety, student growth, and the overall well-being of your kids. Our program is centralized around STEM activities, academic support, recreation, and we have fun along the way! We provide endless resources, as well as qualified staff that are continually given training and resources to help your child thrive.

We are extremely excited to start the 2023-24 school year with you! Our contact information is below. Please don't hesitate to reach out with any questions you may have regarding programming. You can also reach out to Customer Service. Have a great rest of the year and a great summer!

Regards,

Dion Koltes, AZ State Director
