To Whom It May Concern,

Let this letter serve as notice that administration at St. Francis Xavier Elementary School has been participating in weekly consultations with Maricopa County Department of Public Health since local community transmission metrics have reached substantial levels. Consultations include review of county and local transmission activity, on-site mitigation efforts and recent case reporting updates. At this time, MCDPH supports the administration's decision to continue to offer hybrid instruction.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Staab".

R. Nicholas Staab, MD, MSPH

Medical Epidemiologist, Disease Control
